Veterans Thanked By Boys Overseas

EVERYTHING ARRIVES IN FIRST- CLASS SHAPE

This week's overseas mail has been heavy and several interesting letters from the boys and relatives of local people are crowded out on account of the heavy Christmas advertising, but will appear in our next issue.

The letters in this issue are from Pte. Fred Evans, Pte. Albert Skelton, Pte. Percy Myers, and a letter received by Mr. Frank Chandler.

Royal Regt. of Can., Iceland,

Newmarket Veterans' Assoc.

Dear Sirs,—

Received your splendid parcel O.K., everything intact. Thanks ever so much. You seem to know what really is needed and appreciated most, because everything can be taken care of here, and believe me, it sure is a treat to get some luxuries for a change.

We are not getting along too badly, or maybe we are getting used to it. The weather here is anything but comfortable, it rains nearly all day and then we plow through the mud up to our ankles. This goes on seven days a week. They have us doing blanco and shining brass again.

I hope you understand how much your parcels mean to us here, we feel very proud to have so many friends back home looking after us so well, and believe me, we are the envy of many of the others.

I hope everything is going favourably at home, and it sure will look good to us when we get back. Thanking you again for everything.

Yours sincerely,

Fred Evans.

To the President,
Newmarket Vets. Assoc.

Dear Sir,—

Many thanks for the wonderful gift parcel, and also the 300 cigarettes, received yesterday, and were in first class condition for all the travelling they had done before I received them. (So for your records, kindly note change of address).

We are still going strong, being kept busy with convoy work and practice move etc. There is hardly a night goes by without two or more air-raids generally lasting all night long. We sure got a good scare last Sunday. They came over and had a dog fight right over us, and for them to gain speed to get away they had to lighten their load, so they let us have the works. They dropped about 17 bombs all around. You talk about run and duck, we sure did in quick time, but no one was hurt. The nearest one to drop was about 50 to 100 yards away from us, but too close to be comfortable.

ST. MICHAEL'S BUZZERS PLAY REDMEN TO-NIGHT

Tonight the 1940-41 Newmarket Redmen will display their prowess before a home crowd, when they take on St. Michael's College "Buzzers" at the arena at eight o'clock. The game will be started this early to allow the boys from the camp to attend.

St. Michael's, who always have a smart club of junior puck-chasers, this year won the S.P.A. Junior "B" championship, so it is a real test that Charlie Rowntree is putting his boys to. However, Charlie is confident that the Redmen will give a real account of themselves.

Included in the line-up are: Dillman and Kaus; Gunn, Myers, Bone, Broughton, Luck, Jelley, Dixon, Gibbons, Sedore and Hamilton.

Dear Sirs,—

Once again I want to thank you one and all for the lovely parcel I received on the 10th. It is indeed a great pleasure to receive gifts and parcels from you. The other three boys and I certainly enjoyed it very much. We had a regular tea-party on our own. There really isn't much to tell

COURT LASTS BUT FEW MINUTES

The shortest court session for some time was held on Tuesday in the Council Chambers, instead of the Town Hall. Six cases appeared on the list, five being adjourned until next week.

Wilbert Lee of Pefferlaw was charged by Russell Chambers of Zephyr with failing to pay wages. Mr. Chambers stated that he had worked for accused in the spring, splitting and piling 384 cords of wood at 10c a cord. In the fall he worked 15½ days in the bush, at \$1.50 a day, earning an amount of \$23.25.

As the complainant did not bring action in time for work done in the spring, accused was ordered to pay only \$23.25.

GAVE CAPT. BROWN CREDIT FOR DOWN- ING GERMAN ACE

The following item which appeared in the last issue of the Carleton Place Canadian is of particular interest to many in York County as Capt. A. Roy Brown last spring purchased a farm at Bethesda in Whitechurch Township:

"Belfast, Nov. 25—Col. Thomas Sinclair, 81, Conservative member of Parliament for Queen's University here for 17 years, died to-day. He retired from the House of Commons two months ago.

It was Col. Sinclair, who as consulting surgeon to the British 4th Army in the First Great War, officially gave credit to Captain Roy Brown, Canadian aviator, for the shooting down of Baron Manfred von Richthofen, German flying ace.

Richthofen's plane crashed in a dog fight. He was chasing a young British pilot when Brown got on his tail. The three planes died within range of the ground fire of Australian troops. The latter claimed the Baron as their victim.

Col. Sinclair officially examined Von Richthofen's body and from a study of the flyer's wounds, concluded he had been brought down by Brown.

Captain Roy Brown is a native of Carleton Place and is a son of the late Mr. and Mrs. J. M. Brown.

DON LYALL WRITES FROM OLD LAND

Somewhere in England,
Nov. 6, 1940.

Dear Ang:

Received your most welcome paper to-day and was very pleased to receive the same. Hope these few lines find you in the very best of health and not working too hard.

Well, news is pretty scarce over here and "Gerry" isn't coming over so much lately. We have only had one or two air raids in the past week and before now we had one or two every day.

The Royals came in yesterday from Iceland and I saw all the Newmarket boys, and they sure look real good. I am on the Motor Transport of our unit and we have been out on convoy and manoeuvres ever since we landed. The roads over here are a lot different than ours and it made it very difficult at the start, but we are well used to the customs now.

I was on leave for six days last month and went to Edinburgh, Scotland, and my boy friend and I had a real holiday. We went dancing, to shows, and on several sight-seeing tours. Amongst these we saw the Firth of Forth Bridge and where Agricola landed in 87 A.D., so you see we are seeing all the places of importance over here. In the city of Edinburgh they have a castle the largest I have ever seen over here and in it there is a shrine of solid gold, a really wonderful sight.

I saw "Mick" McJann and Charlie Harrison, and also Dave White, and they are all fine and wish to be remembered to all in Newmarket.

Well, once again, I will thank you for your most interesting paper, and I was more than surprised to see my picture in it, and did the transport ever razz me, but nevertheless, I am very grateful. I will have to close now, but here's wishing you all the luck in the world.

Yours sincerely,
Spr. W. D. Lyall.

COUNCIL ASK FOR CHEAPER INSURANCE RATES FOR TOWN

Relief costs for the month of October this year were \$431.32, compared to \$1021.85 in October '39, with 142 persons receiving assistance last year against 44 this year. This was the glad tidings brought to council Monday evening by Ald. Albert Higginson, chairman of the Relief Committee. Mr. Higginson anticipated a further drop in the relief roll.

To an inquiry by Ald. Bowser, it was stated that the government contributes 80 per cent of relief costs.

"This means that we are saving about \$100 a month then," replied Ald. Bowser.

"Yes, it is that much better for the taxpayer, and infinitely better for the people themselves. They can now feel independent," spoke up Reeve Lundy.

Then came the problem that Ald. Bowser was leading up to.

"Last year," he told his colleagues, "we were able to get six or seven relief men at a moment's notice, to go out when the streets and roads were bad. To-day I had to hire two extra men. It is hard for me to carry on with the small budget I have at my disposal. To-day we put eleven truck loads of cinders on the streets."

"There was a big cry when we had men on relief, but now they are off, we have to hire others to take their place. It seems to me that we didn't have so much to cry about," opined Ald. Spillette.

"Some of the citizens are complaining about icicles hanging dangerously from buildings on the Main Street," said Reeve Lundy. "The merchants have told me that they would gladly pay for the service if a man was appointed by the town to look after this hazard. Saturday a little lad was struck by one of these falling pieces which knocked him over. Fortunately he was not hurt."

"It should be attended to," advised Ald. Mungovan.

Clerk Mathews passed on to council a compliment that had been paid by an American friend of his visiting here this past week. The visitor had been exceedingly impressed by the manner in which the Newmarket streets were kept. He had passed through numerous Canadian cities and towns on his way over here from Detroit, and our streets were an example.

Ald. Evans reported that the townspeople need not worry about a shortage of water—there was a good 70,000 gallons a day to spare. The old wooden covering had been torn from the reservoir at the water-works and was being replaced with a heavy flat plank top. This was quite agreeable to Dr. Beery of the Provincial Department of Health, as no

PARADE TO HAVE ADDED FEATURES

Santa Claus will pay his annual visit to Newmarket this Saturday, and come snow or rain, he will be on hand to greet the children of Newmarket and district. Headed by the two local bands, the parade will leave the military camp at 2.30 D.S.T., pass through the Camp, down Gorham to Huron and thence down the Main Street.

As the parade will not reach the main thoroughfare until around three o'clock, this will allow a little extra time for the people from a distance to get in to town.

Besides the usual host of funny clowns, big-headed people, bears, lions, tigers and all those animals which usually accompany our old friend, Santy, a detachment of the trainees from the military camp, will parade. This will add greatly to the proceedings, and will enable the citizens to get a view of this splendid group of young Canadian manhood.

Following the parade there will be candies for all the children, so bring them in. We will be expecting you Saturday.

THE REAL SANTA CLAUS
This Christmas spirit is the real Santa Claus—a spirit that is universal—that grows stronger with the years—that brings out the best in us—a spirit that is made up of kindly thoughts and deeds, of hallowed memories and of "Good Will" to all.

LIKE COLORFUL TREE

If there are young children in the home, you should have a real Christmas tree, as nothing else can take its place. Older people may like stunning effects that appeal to the imagination, or symbols in a fairy manner that will do this, but children want it loaded to overflowing with baubles of colored glass, lopped around with tinsel strands that gleam and glitter.

Index, based on 1926 average as 100, stood at 139.2 on November 1, compared with 136.2 on October 1, 1940, and 123.6 on November 1, 1939.

7. Canada's external trade in October, excluding gold, reached a high point for recent years, aggregating \$215,435,662, compared with \$189,065,024 in September and \$170,471,796 in October, 1939.

8. Key men from essential war industries, serving with the C.A.S.F. will be permitted leave during the winter to return temporarily to such industries.

9. Contracts awarded by the Department of Munitions and Supply during the week ended November 22 numbered 2414 and totalled \$35,611,223.

10. Wilfrid J. T. Gagnon, Montreal, appointed Joint Director-General, Purchasing Branch, Department of Munitions and Supply.

Mr. Gagnon owns two shoe factories, Aird and Sons, Ltd., and Wilfrid Gagnon, Ltd.

11. Contracts awarded for construction of six more corvettes (submarine chasers) for Canadian Navy.

Corvettes ordered now total 70—ten for Royal Navy, 60 for Canadian Navy.

Present naval construction programme involves expenditure of around \$70,000,000.

"Troubles" of days gone by...

MODERN telephone plant is built to offer maximum resistance to "trouble" of any sort. When trouble does occur, we aim to make repairs before your service is affected.

Sixty years of telephone research and operation add up to a great deal of specialized experience. Telephone engineers can now anticipate with greater accuracy the causes leading to trouble. They don't wait for wear and tear, or an emergency to announce itself; they attack it before it interferes! This activity is called "preventive maintenance" — and telephone people are very proud of it.

The cumulative effect of preventive maintenance, plus improved design, reduced troubles per telephone by 43 per cent in the period 1926 to 1929 and this improvement continues. Since then "trouble" once in 8 months per telephone has been reduced to an average of one trouble in 14 months! Performance at peak efficiency is demanded — and as far as is humanly possible, is delivered to every user of telephone service.

Are Prevented Now!

Telephone lines running through trees encountered frequent "trouble". Modern telephone cable on private right-of-way is relatively "trouble free".

MANY ATTEND FUNERAL SERVICE LATE EDW. ARNOLD

Hundreds of Georgina and Sutton people paid a last tribute on Sunday to the late Edward Arnold at the funeral service and at the graveside in Briar Hill Cemetery.

Mr. Arnold was in his 88th year, most of that useful life being spent in this district, where he from 1885 to 1919 carried on the family business of brick-making. The late Mr. Arnold was a man who took no active part in township or Federal politics, although he was a lifelong Liberal.

He was one of a family of six boys and six girls, child of George Arnold and Elizabeth Harness Arnold, of whom three sisters, Mrs. Thos. Rye, Scott Tn., Mrs. Arch. Smith of Newmarket and Mrs. C. Tomlinson of Kemagimi are surviving, together with three brothers, Jack Arnold, in Western Canada, Henry, of Weston, and Arthur of Buffalo.

Just two years ago in March, a Diamond Wedding Anniversary was celebrated as it was on Mar. 25th, 1879, that Mr. Arnold was married to a daughter of John and Mrs. West, pioneer settlers of the Sutton Line. Mrs. Arnold, who is confined to Sutton Hospital and four children survive, Willard and Frank on the Sutton Line property, Mrs. Mohe Matt of Virginia and Mrs. S. G. Burgess of Toronto.

Rev. N. S. Anderson of Virginia United Church officiated at the funeral on Sunday, while pallbearers were four grandsons and two nephews: Leonard and Frank Matt, Ted and Everett Arnold and Donald and Cecil Smith.

DAUGHTER OF PIONEER FAMILY LAID TO REST

Member of a family that settled in the Newmarket district nearly 140 years ago, Mrs. Jerusha Doan Hughes, wife of David W. Hughes, died Saturday, Nov. 30th, at her home, 94 Hazelton Ave., Toronto.

Born at Sharon, she was the daughter of Jesse and Waite Ann Doan. She was in her 90th year. The Doan family came to Newmarket district shortly after 1800 from Bucks county, Pennsylvania. The family were among the early immigrants from United States to Upper Canada.

Mrs. Hughes in her early years was a member of the Children of Peace, who worshipped in the Sharon Temple and were led by David Wilson.

Mr. and Mrs. Hughes moved from Sharon to Bolton in 1882 and after a few years went to Toronto. Mrs. Hughes has been a member of Westminster Central United Church for 49 years. Recently Mr. and Mrs. Hughes celebrated 68 years of married life.

Besides her husband, one grandchild survives, A. David McFall.

The funeral was held on Monday afternoon at her late residence. Dr. W. H. Sedgewick officiated and Rev. G. W. W. Rivers of Bolton assisted. Pallbearers were Chas. Lewis, Robert Lewis, Bruce Lewis, Arthur Evans, Gray Rivers and Firth Jaffary. Interment followed in Newmarket cemetery.

WREATHS, GARLANDS GAY SHOUT MERRY CHRISTMAS!

What a joy it is to come into a home scented with spicy pine and hemlock, so suggestive of Yuletide that each room fairly shouts "Merry Christmas!" And what a real pleasure, too, to gather the greens and dispose of them so that they express all the kindness of the blessed season, intensifying the delights of the "friendliest" period of the year!

As garlands, the various types of greens may decorate windows and doors, or they may be massed on mantels or tables. To make a flexible rope of greenery, supply a foundation of heavy twine and to this attach the short sprays of pine, hemlock or spruce, interspersed regularly with clusters of laurel; or for a more decorative effect, use the artificial berries with the greens. Fine flexible wire is best for fastening the sprays in place.

Another use for greens is in the formation of window wreaths. Arrange the small sprays on a heavy wire foundation, taking care to keep the wreath symmetrical. Small groups of red berries, regularly placed, give character to such a decoration.

"Y'S" ARTHUR BUCKLEY WEDS IRENE McCULLEY

Graduate of Northwestern University and program secretary of Central Y.M.C.A., Arthur Buckley, Charles St. W., son of Mr. and Mrs. B. C. Buckley, Saturday, in Wycliffe College chapel, married Irene Olive McCulley, Newmarket, daughter of Mrs. E. McCulley and the late Joseph McCulley, St. Thomas. The bride is a sister of Joseph McCulley, headmaster of Pickering College.

In a setting of yellow and bronze chrysanthemums, Rev. W. Ramsay Armitage, principal of Wycliffe college, officiated. Wedding music was played by Reginald Godden. The bride was simply gowned for the ceremony in a rose beige costume with black accessories and carried bronze pom-poms with violets. Her brother, Joseph McCulley, gave her away.

Miss Jean Maloney of St. Thomas, her sole attendant, was attired in brown crepe with a mink-trimmed turquoise headpiece. Her flowers were yellow mums and sweet peas. James Beveridge was groomsmen. Ushers were Douglas Henderson and Gordon Withell.

For the reception at the home of the bride's mother and sister-in-law, Mr. and Mrs. Thomas McCulley, the bride's mother received in a gown of crepe morocain in black and silver with a corsage of pansies and autumn roses. Following a short trip to western Ontario points, for which the bride donned a black coat trimmed with silver fox, they will live in Toronto.

McCAUSLAND-HAYWOOD

All Saints' Church, Toronto, decorated with white chrysanthemums, was the setting for a pretty wedding Saturday afternoon when Lois Kimball Haywood, daughter of Mr. and Mrs. L. J. Haywood, of Dunnville, became the bride of Dr. Michael McCausland, son of Rev. and Mrs. H. McCausland, of Bay City, Mich. The groom's father assisted Rev. T. W. Murphy at the ceremony. Mr. Garton was at the organ.

The bride, given in marriage by her father, wore a white satin gown made with long fitted bodice and full skirt forming a train. Her long veil was held with orange blossoms and she carried white roses and bouquet. Miss Barbara Haywood was her sister's bridesmaid, wearing a ciel blue faille gown with small cap to match and carrying Butterfly roses and bouquet.

Mr. Paul Belknap, of South Bend, Indiana, was the best man, and the ushers were Lieut. H. L. McCausland and Dr. H. V. Slemmon.

The reception was held at the home of the bride's aunt and uncle, Mr. and Mrs. J. L. Goad, Warren road. Mrs. Haywood received wearing a fuchsia velvet gown with small feather hat and corsage of roses and bouquet, assisted by the groom's mother in powder blue velvet with Premier roses.

For going away the bride donned a ruby crepe dress with suede hat and gloves of the same shade and a Persian lamb coat. They will live in Newmarket.

NORWAY, SWEDEN BABIES ARE LOADED WITH GIFTS

In many districts of Norway and Sweden every baby born on Christmas day is the recipient of many gifts and bounties from all quarters. He receives a bounty from both the ecclesiastical and civil authorities, and in some districts these bounties amount to a considerable amount of money, which is generally invested until the child is of age.

The children that are born to some classes of the people in Naples on this happy day are visited by "Wise men—who are selected by some philanthropic society—and are presented with imitation stones which are valued highly by the children in later years, even supernatural qualities being ascribed to them.

VETERANS THANKED BY BOYS OVERSEAS

(Continued from page 1, col. 2)

at present. I suppose you all hear about the air-raids we are having. Outside of this there is nothing else to tell. Planes fly over our billets every day, and now we can nearly tell what time it is when they come. We ourselves are doing very little. We are taking machine-gun training as well as rifle training. Most of our work is just a review of what we have learned in the year or so.

I have heard from Pte. Pipher in Iceland, and I am going to write to him and find out how they are doing up there. It must be awfully dreary up in that part of the world, but I guess the boys can take it.

Well I must close now, thanking you all most sincerely for your wonderful parcel, and hoping to see you all soon.

So long for now, with best regards to all,

I remain,

Yours truly,

Pte. Meyers.

East Coast Lincolnshire,
November 2, 1940.

Dear Frank,—

Well, it's a queer old war this time. You would hardly know our little village. We haven't had a house hurt yet (touch wood), but there are craters all round. It makes you sleep a bit light at night.

Have just been noticing one of our fighters coming in from the sea, and he rolled over as he came in, which generally means another Jerry down. Let's hope so.

Well, there are plenty people yet who know you and often ask about you.

We are all keeping well. Ciss is cook at a canteen they are running for the soldiers we have here, so keeps busy, and it takes her mind off things. It's not so bad for the men, but it's rotten for the women and kids, although its marvellous how they stick it, even where they are being regularly bombed.

I told Tim we had a family coming here from London for a rest, and their house was burnt out the first night they were here, so we still have them.

We have been fairly free (touch wood) from air attacks. We have had a few warnings, but only on one occasion has there been any bomb dropped in the borough, and then if it had been about 10 yards to the south, it would not have dropped in the town. The windows were blown out in two small houses and part of the front, and roofs of two other small houses.

We had a contingent of Canadians in the middle of June billeted in Northampton. The party we had in our street mostly came from London, Ont. There were some from Newmarket somewhere in the town, so these fellows told me, but I couldn't locate them, they were only in the town about six days.

When the 'Jerrys' were making an attack on Coventry, which is about 40 miles away, we could see the anti-aircraft shells bursting in the air. In the other side of the town, the same can be seen over London. I don't go out so late at nights. The blackout is an awful nuisance; no lights and not a chink from the houses, although they are trying out a subdued lighting in the main roads. You say its a pity we could not come to you until it is all over. I do not think I want to; I don't see why we should run away.

Oct. 2, 1940,
Iceland.

To the Veterans and the Citizens of Newmarket:

I sure appreciate the wonderful parcel I received to-day. Everything was in perfect condition. It is kind of hard to say when we will be home again, but you are doing your share by sending us those wonderful parcels, and we are doing our share by defending our dear old country Canada.

I wish to send my regards and thanks to the Veterans for the parcels that I am receiving, and also my regards to the Express-Herald, which I am receiving. It sure is nice to hear news from home that is so far away.

Give my regards to all my pals, hope to be home soon.

I remain,

Yours sincerely,

Pte. Pipher.

Happy is the woman who received a cash Christmas present, because she will have a lot of fun at the January sale counters.

CHRISTMAS GREENS

The custom of hanging evergreens in the house during the Yuletide originally had a purpose beyond that of decoration. In olden days each kind of evergreen was believed to confer special blessings on those who passed beneath its boughs. To pass under holly insured good fortune throughout the year, bay meant victory, while laurel was supposed to impart a spirit of beauty and poetry. — Missouri Farmer.

ONE SAD THING ABOUT CHRISTMAS

The saddest thing about Christmas is that the good fellowship the day inspires too often withers with the Yule tree and is tossed out of doors.

THE CHRISTMAS MINCE PIE
The inevitability of hot mince pie on the Christmas board explains why it is well for the national digestion that there is only one Christmas dinner a year.

News and Views of People and Things by Isabel Inglis Colville

People

We learned something last week—that the first week in December can look exactly like the first week in January or February, and as for temperatures, it was 24 degrees below one morning. Let us hope that we will have ordinary December temperatures when these below zero ones, are supposed to thrive.

On Wednesday afternoon of last week, the Willing Workers held their December meeting at the home of Mrs. Leslie Harper. It was one of those days which couldn't make up its mind what kind of weather to give us. It snowed a little, and blew a lot, and piled snow in unexpected places, so a good many people were afraid to venture out.

But those who did enjoyed the meeting immensely. It opened with a hymn, followed by Mrs. Colville leading in prayer. Miss Gladys Harper read the scripture lesson appropriate to the Christmas season. Mrs. James Hope acted as secretary, pro tem, and read the correspondence. Mrs. Gordon McClure gave statements and social, regarding her work, remembering sick and shut-ins. The roll call, which was to repeat a verse dealing with the birth of Christ, was splendidly responded to. Then those present began to sing carols, and ended by singing every carol on the sheet. Why not? There is only one time in the year when we can sing carols, and is there anything lovelier to sing?

The meeting closed with a hymn and prayer by the president. A supper at which a hot dish was featured, gave the members and visitors a chance to enjoy a really social half hour, after which we bumped cheerfully home.

Mrs. Douglas McClure dined on Thursday with her parents, Mr. and Mrs. David Coates, Sharon.

We are very sorry to report that Mr. Raymond Needler is ill with rheumatic fever, and Master Lawrence was also ill, but is recovering.

Miss Sadie McQueen spent Saturday in Toronto.

The Bogartown Community Club had to postpone their meeting scheduled for Friday evening, as some of their members were snowed in.

Just a word here about something that has been happening in our neighborhood and in Newmarket. There is a cold, calculating cruelty about it, which revolts any decent person. There are humane ways of getting rid of cats. Ask your druggist—and try and retain some semblance of kindness towards those furry friends who cannot speak for themselves.

Things "Christmas Goodies" It's fun to make for Christmas day, the things we've made the self-same way, for years so many that it seems, their origin is lost in dreams. And first, we think of Christmas cake, the two kinds that we always make. The dark cake, that we make up thus; I thought we'd for a time discuss.

Of course, we never make it all, with other families aren't so small. Of butter, it asks just a pound, of sugar brown, a pound is found; combine your raisins and currants too, to make three pounds their asked for due. Ten eggs you well and truly beat, to add to this old Christmas treat. A half cup of molasses pour, it's such slow work, you're glad no more is needed, then of orange juice a wine glass is what we folk use. A teaspoon too of soda, add; without it, your cake might look sad.

I really did forget the peel, a quarter pound is what we feel is needed for our Christmas cake, and as for spices, you should take, just those which most appeal to you—at least that's what we always do. A pound of flour, it calls for, then, but as flours differ, you know when, it from the spoon is loath to part, its time the oven did its part.

So paper well your pans and grease, and let your vigilance ne'er cease, until rich brown, and plummy too, they shed their coats and smile at you. Of course, plum pudding is the next, and for that too, I'll give you text; for ours are done and now repose, a pleasant thing for eyes and nose. Of raisins, currants, I prepare two tumblers each, and have a care, of suet and of bread crumbs too, must have the same amount, or you will not be ready for the peel, a quarter cup is what we feel should accompany with large eggs four, and one half cup of pastry flour. A cup of sugar brown. Of sugar brown a cup must be molasses, two table-spoons you'll see. Of soda a heaping teaspoon take, dissolve in water warm, and make with milk, of it a quarter cup, a grated nutmeg seems enough; then juice of one nice orange add, and find a mixture to make glad your housewife's heart on Christmas day, and let it boil or steam away, a good three hours and you will find a pudding just to suit your kind, then serve it with sauce caramel, and see the family rush pell mell, to fill again the plates you thought had first been filled juts as they ought.

EXCUSABLE FOLLY

It is true that men and women at Christmas time do things which are foolish, especially in the giving of presents, but when did cold wisdom ever make people happy? Who wants to see a Christmas when nobody spends more than he should, or when there is no giving of things that are trivial or needless or foolish? A truly sane Christmas would be a miserable one. — American Magazine.

KESWICK

Please keep in mind the Keswick United Church Sunday school concert on Friday evening, December 20. The teachers, leaders and scholars of the United Church school are preparing a splendid concert for this date.

The Canadian Girls in Training will conduct a Vespers service at the Sunday evening service of the United church on Sunday, December 15.

One of Keswick's older citizens, Mrs. J. Robertson, passed away at her home here last Wednesday. Of Empire Loyalist stock, and one of North Gwillimbury pioneer families, Mrs. Robertson, formerly Miss Elizabeth King, has spent most of her 79 years in this vicinity. Her husband predeceased her some 12 years ago. Surviving are her daughter, Mrs. Orville Huntley, living in Keswick, and one son, Mr. Harvey Robertson of Toronto, who is still here. The funeral was held Friday afternoon from the United Church and was largely attended. Rev. Lapp officiated, with interment in Queenville. Mrs. Robertson was a member of the United Church and an active member of Lakeside Institute.

The Christian Church Ladies' Aid will hold their monthly supper Wednesday, 18. Children of the Sunday school will also be given a free supper, and the annual Christmas tree on the same evening. Everyone is looking forward to a happy evening.

Mr. and Mrs. John King spent Tuesday in Toronto on business.

Sorry to report the illness of Master Harold Walker, youngest son of Mr. and Mrs. Walker at "Cedar Glen."

The Christian Church Ladies have been busy quilting several quilts and packing to be sent to the needy in Western Canada.

Keswick garage has again changed hands. Mr. and Mrs. Percy Fairbairn, who moved here this fall, have moved to Sutton. Mr. Fairbairn was assistant at the garage.

The United church W.A. meeting and supper which was postponed last week, was held on Monday in the Sunday school room. The business meeting in the afternoon was well attended and the officers for 1941 were elected as follows:

Hon. pres., Mrs. D. McGenerty; pres., Mrs. W. Davidson; 1st vice-pres., Mrs. Francis Morton; 2nd vice-pres., Mrs. Cecil Grant; 3rd vice-pres., Mrs. Mary Purdy; sec., Mrs. Winston Prosser; treas., Mrs. J. E. Baines; auditors, Mrs. Percy Mahoney, Mrs. N. Shortreed; press corr., Mrs. Carl Kellington; flower comm., Miss E. Gilroy, Mrs. R. Stork, Mrs. Roy Pollock, Mrs. O. M. King; pianist, Miss Joy Marritt; temperance, Mrs. Frank Marritt; manse com., Mrs. D. McGenerty, Mrs. Cecil Grant, Mrs. O. M. King; program com., Mr. W. FRED TIMBERS BANQUETED

In spite of very bad road conditions, about 300 attended the banquet at the King Edward Hotel on Thursday evening, (Dec. 5) when the York County Council and the three Plowmen's Associations of York County tendered a complimentary banquet to Fred Timbers of Stouffville to show their appreciation of the honour which he brought to Ontario and to York County in particular, by winning the top honours over the champions of various States at the First National Plowing Match at Davenport, Iowa, on Oct. 29th. Included in the gathering were a number of Fred's friends from points outside of the county and officials of the Ontario Plowman's Association, as well as a number

surface water could drain in. Ald. Evans told the council that the military camp used 20,400 K.W. of electricity in November, and would be using a greater amount. Another transformer is to be installed shortly.

"If they need more power and water, we have it for them," stated Mr. Evans, also adding that these services were going to create a substantial revenue for the town.

Joseph Brammer, fire inspector, reported that the fire loss in town the past twelve months had been practically nil—\$500 or less would cover all fire damage.

"I think if the inspector had said less than \$300, he would be closer," said Reeve Lundy, in moving the following motion which was seconded by Deputy Vale, "that the Canadian Fire Writers Association be interviewed with a view to having the key rate of the town reduced, and that they be asked to re-number the different fire risks to coincide with town numbers."

A request from the R.S.A. Bugle Band for an additional grant of \$100, was laid over until the new council meets in January. "Both bands are very hard up," said Ald. Bowser.

"The council is as hard up as the bands," commented the reeve. Ald. Denis Mungovan, who was making his last appearance as a town father, was asked by the reeve if he would like to say a few words in farewell to his colleagues.

Ald. Mungovan had enjoyed his two years in council very much, he confessed. As an outsider, he had questioned the ability and the time the councillors spent on their work. Now he appreciated the worth of the town fathers and their devotion to their tasks.

"I would like," he stated, "to pay special tribute to Ald. Evans. I am amazed at the work he gets away with. It is a happy situation to have a man like him working so consistently and conscientiously for the citizens' interest, and I hope they appreciate it. It would be a distinct loss to the municipality if he ever quit."

Mr. Mungovan, in closing his career as alderman, expressed the hope that some day he would be able to return to council.

Reeve Lundy and Deputy Vale, on behalf of the council, expressed their regrets at losing this young, energetic public servant.
